2 September 2025

GAMBANG, 28 August 2025 – The 8-Hour Poetry Recital Programme organised by Universiti Abdullah (UMPSA) in collaboration with Dewan Bahasa dan Pustaka (DBP) Central Region has once again proved that poetry is a powerful medium to celebrate and promote our local culture and heritage. The programme, which took place on 28 August 2025, was a resounding success, with over 100 participants from various disciplines coming together to recite and appreciate local poetry and elevated it as a medium of literary appreciation, arts, culture, and heritage.

The concept of '8 Hours' symbolises infinity, portraying the continuity of arts and culture while at the same time igniting a love for local heritage and promoting a sense of national pride and identity. The programme featured a variety of local poets and performers, including established names and emerging talents, who recited a range of poems from different genres and periods. The audience was treated to a nonstop performance of local poetry, with no breaks for the entire duration of the programme. The atmosphere was electric, with the audience fully engaged and appreciating the beauty and depth of local poetry. The programme was a testament to the power of poetry to bring people together and promote a sense of unity and shared cultural heritage. It was a fitting tribute to the rich and diverse cultural heritage of our nation, and a reminder of the importance of preserving and promoting our local arts and culture for future generations.

From Letters to Literacy: Empowering Preschool Teachers to Implement the Series Using the CREATIVE Approach

4 August 2025

The importance of English proficiency in Malaysia has always been emphasized, more so in our national aspiration to remain globally competitive. English is not only a second language but also instrumental for accessing knowledge, communicating and negotiating, as well as beyond national borders. As we look at efforts to improve English language education across the country, one group that requires attention would be early childhood educators.
