UMPSA researchers develop RimauStrike and Spike Trainer to enhance National Team's effectiveness

11 May 2026

KUALA LUMPUR, 14 April 2026 — A group of researchers from Universiti Malaysia Pahang (UMP) successfully developed a sepak takraw ball launching machine named 'RimauStrike' and 'Spike Trainer' using advanced technologies designed to enhance the effectiveness and consistency of athletes' training.

The development and testing of the machines also involved strategic collaboration with the Universiti Malaysia Pahang Sports Management (PSM) and the Pahang Sports Council (MSP).
