Positive and focus are the keys to success - Yong Shi Yun, Recip
Award

Being positive and focused were the keys to success, said Yong Shi Yun, 24, who received the Srikandi Ma
(UMP) 13th Convocation Ceremony held at its Gambang Campus Sports Complex on November 10 and 11

Shi Yun obtained her B.Eng. (Hons.) Electrical Engineering (Electronics) and is now an engineer at Intel Co

Daughter to Yong Siew Kee, 57, and Chan Yoke Fong, 54, Shi Yun said she had set a goal to do well i
achieve it by scoring a CGPA of 3.85.

Shi Yun who is from Ipoh, Perak described the challenges faced throughout her study years as something s

“I have always stayed positive in any situation including when studying and this has helped me to overcome

“For me, being positive is important and should become a practice for all so things that are planned can be

Shi Yun shared an unforgettable experience when completing her final project, ‘IOT Weighing Scale Appl
and monitor a person’s level of health.

“It was one of the biggest challenge that I have to face because it involved skills in using several software p

“However, I managed to pull it through due to patience and support from friends. I really learned a lot from t

Shi Yun also said she was involved in many activities and held various posts such as the secretary for M
UNESCO Club.

She added that there had been challenges when organising events in the university especially when it c
activities.

“However, these only served as lessons that taught her to be patient and creative in her initiatives to ensure

Smart time management – Douglas Timot

By: SHALFARINA SHAHRIMAN, UMP PUBLISHER

Smart time management and being optimistic are the keys to success for Douglas Timothy Tan Choon
Community Award.

He received the award during Universiti Malaysia Pahang (UMP) 13th Convocation Ceremony held at
November 10 and 11, 2018.

Douglas Timothy is a graduate of B.Eng. (Hons) Electrical Engineering (Electronics) and is on the Dean's L

On his good academic achievements, Douglas Timothy said he would fully utilise his free time doing
classmates.

"We need to be humble and not to be egoistic. This can make us digest knowledge better and refrain fron
others.

"That is why I prefer to have discussion with friends because I want to hear their opinions. This way too
Douglas Timothy who now works as an electrical engineer with a company in Kuala Lumpur.

Douglas Timothy, whose parents are teachers, said he also played basketball because it was a healthy a
and helped boost his confidence.

Hong Wai Siang – Recipient of Sapura Industrial B

His father was a labourer and the hardship that he faced had been the impetus to spur Hong Wai Sian surprise, all the struggles and burning the midnight oil was rewarded when he was named the recipient of S

He received his scroll and the award during Universiti Malaysia Pahang (UMP) 13th Convocation Cere November 10 and 11, 2018.

Hong, who is from Lumut, is a graduate of B.Eng. (Hons) Mechanical Engineering (Automotive). He is as o

He said having experienced the hardship of a labourer's son moved him to work hard to excel in his studies

His father, Hong Bong Leong, 54, worked as a labourer to support his four siblings while his mother, Ting M

"Despite the hardship, my parents never showed their sufferings and never gave up on their efforts to edu but also in our manners.

"They worked so hard so they can provide to their children's needs," said Hong, who wanted to be an eng family.

He also said as a graduate, one needed to be smart in tackling the globalisation trend that was becoming m

He added that one must be more communicative, critical-minded and should be effective in problem-solv important, a plan for the future.

Norlinda attributed award to parents

By: SITI NURFARMY IBRAHIM, CORPORATE COMMUNICATION DIVISION

There was nothing more joyful for Norlinda Adsun than to have her parents witnessed her graduation but i from a stroke about a year ago and her mother had to take care of him in Kudat, Sabah.

Norlinda said fate had it that her farmer father, Adsun Santi, 69, and mother, Sinulihing Bahood, 55, could the Soho Niaga Excellence Award during the Universiti Malaysia Pahang (UMP) 13th Convocation Ceren Complex on November 10 and 11, 2018.

“I hope what I have achieved today will make my parents happy. I always pray that my father will fully reco fate has it and I have to accept it,” said Norlinda, the youngest child of four siblings.

Norlinda is a graduate of Bachelor of Project Management with Hons. with a CGPA of 3.72.

She is also the winner of UMP Calligraphy Competition (Non-Chinese Category) 2016-2017.

On her academic achievement, Norlinda said she would try to strike a balance between her studies and co her studies first if there were too many activities.

Norlinda, a recipient of Public Service Department Scholarship, also said she held on to this principle of ‘s value’.

She also said positive, constructive and happy environment were the best influences for success.

“To be successful, an undergraduate must be smart in maximising the opportunity available. Do not giv experience as possible,” she added.

Fisherman’s Son Kee Keing Lee hard work paid off with Indus PETRONAS Chemicals Sdn. Bhd.

By: NORHIDAYAH MOHAMAD, CORPORATE COMMUNICATION DIVISION

Kee Keing Lee, 24, a graduate of B.Eng (Hons.) in Chemical Engineering, was named as the recipient fo Excellence Prize at the Universiti Malaysia Pahang (UMP) 13th Convocation Ceremony held at its Sports 10 and 11, 2018.

This young man from Teluk Intan, Perak believed that success was not an easy feat to accomplish without order to advance oneself while finding one own weakness and work to overcome it.

He also believed that self-management and time management were important so as not to compromise thir

However, there was nothing more inspiring that seeing his fisherman father, Kee Cheng Peng, 51, toiling mother, a housewife, was the light of his motivation.

As the eldest in the family of four siblings, Kee said he would strive to make a better life for his family and who had been his main driving force to excel.

“I want to make a career and a living that they will be proud of,” he added.

On his experience in UMP, Kee said there were many sweet memories.

“I was involved in a lot of programmes such as the Pahang Engineers’ Run, UMP Career Carnival Day wit and was a president of a club, a member of the Student Representative Council and an exco member.

Kee was on the Dean’s List for every semester.
