VOL. 33 JUNE 2019

UMP researchers invented stingless bee honey suction pump f

A group of researchers from Universiti Malaysia Pahang (UMP) has developed a product called ‘Sleek
farmers to extract honey without compromising the quality.

The group was led by Dr. Mohamad Firdaus Basrawi, 34, who is also a lecturer at Faculty of Mechanical
the rest of the members were Dr. Daing Mohamad Nafiz Daing Idris, Dr. Mohd Hazwan Yusof, Dr. Mohd
Anati, Luqman Abdul Halim and Siti Sarah Shaikh Mohd Raziff.

Dr. Mohamad Firdaus said the project began in 2016 and was fully completed in 2018, following a requ
Entrepreneurs Association (PUKP).

He said Malaysia had more than 4,000 stingless bee honey farmers and in Pahang alone, there were 110 f

Their monthly production was estimated at 1,400 kg, he added.

“The association had sought help for an easy and cheap method to extract the honey which gave us the ide

“Prior to this, various methods had been used which included using of the straw, syringe and even a pump.
produced of less quality, bubbling while the suction flow was slow,” he added.

He said the ‘Sleek Pump’ created was a battery-powered tool and easy to carry.

He also said if a rubber tapper would require a good knife to get quality latex, a stingless bee honey farme
quality honey.

At the initial stage, the tool was used and tested by 30 farmers who were members of PUKP and feedb
effectiveness of the suction pump, he added.

“Based on their response, they said it was much faster to use the suction pump as compared to other devic

“There was less bubbling. Most of the consumers did not like honey with too much bubbling, and at times, it

“With the ‘Sleek Pump’, suction can be made straight from the bee nests into bottles and it does not ne
bubbling to set in. The system is powered by batteries that can last up to four hours,” he said.

He added that the compact-designed pumps would be in the market soon and the price was set between R

“The suction pump works faster and the honey produced in bubbling-free,” said Dr. Mohamad Firdaus.

opportunity for them to mingle and get acquainted.

“We can forge better ties and discuss about more programmes that can be organised for the benefits of the

“We also got to mingle with members of the public and distribute dates while at the same time, promote the

He added that breaking fast at an open field such as this and enjoying Pahang traditional delicacies was in
that he would surely take along after graduation.

Another student Nur Syafiqah Omar said she was happy to be part of the programme as it allowed her to h
activities that they could do in the next semester.

“More programmes such as this should be organised and that it should not only be focused in the month
more about UMP,” she added.

Raya shopping spree for orphans and the less privileged

Universiti Malaysia Pahang (UMP)'s Women Association or also known as Matahari organised an outi
orphans and the less privileged at Mydin Supermarket in Kuantan on May 30, 2019.

Its President, Professor Datin Dr. Mimi Sakinah Abdul Munaim said the programme was one of the activi
and aimed at helping to reduce the burden of the children's families.

"Matahari managed to collect a substantial amount of money from UMP staff and the public and each c
which would be used to buy new clothes.

"We brought the children and the families along so they could choose their own clothes. They were h
members," she said.

Also present were Pro-Registrar, Abd Rahman Haji Safie and Datin Sri Fazia Ali.

Professor Datin Dr. Mimi Sakinah said Matahari also gave away essential needs such as rice, sugar, flour,
allocations provided under UMP MyGift, so they could make the necessary preparation for the festive seaso

In another programme, *Matahari* jointly organised the Campus Pantry Raya Charity Sale with the Departm
to give free clothes for its needy undergraduates.

She hoped that initiatives taken by the association would help bring cheers to them and that they could enjo

She also thanked all the contributors and donors for helping to make the programme a success.

When met, Siti Aisyah Yusri, 15, said she and her three siblings received *baju kurungs*, shoes and long dre

"We cannot wait to try on the new clothes for the *hari raya* celebration," she added.

Fatin Nur Hazirah Mohd Wazir, who lost her father who was an employee with UMP, said she was thankful

She was touched that they still remember her although her father was no longer with the university and th
respects to his father on the first day of *hari raya.*

Year Six pupils thrilled to join UMP students for *ifta*

It was an exciting experience for 41 Year Six pupils from Sekolah Kebangsaan Serandu in Pekan for the Malaysia Pahang (UMP) students for *iftar* in the university's campus in Pekan on May 14, 2019.

The pupils were participants of a programme called My*Cilik* Serandu, where they were given motivatio examination, *Ujian Penilaian Sekolah Rendah* (UPSR).

It was part of the activities outlined in the university's *Cahaya Ramadan* programme organised under UMP'

During iftar, the pupils ate their meals together with their facilitators and other undergraduates in big trays university community in UMP Mosque.

Project Manager, Muhd Hariz Asyraf Marzuki said programme such as this was very helpful in preparing t spend some time with their facilitators during the Ramadan month.

"The *iftar,* served in big trays which has been the university's tradition, will help to foster closer ties among t

"You can see that they are enjoying the experience from the smiles on their faces as it is their first time eati

One of the pupils, Muhammad Yaakob Jailani, said he was happy to be able to participate in the program and broke fast with the facilitators, adding, it made him motivated to do his best and to step foot as an unde
