Roslan Jodin, 56, the father of Mohamad Hakim Roslan never expected to receive a posthumous Technology (Electrical) with Honours on behalf of his son during the first session of the UMP's 14th Co Sports Complex Gambang Campus on 16 November 2019.

To make it even more memorable, the award was bestowed by His Majesty The Yang di-Pertuan Agong Billah Shah Ibni Almarhum Sultan Haji Ahmad Shah Al-Musta'in Billah, the Chancellor of UMP.

Also in attendance were the Pro-Chancellor of UMP, Tan Sri Dato' Sri Abi Musa Asaari Mohamed Nor, t Dato' Sri Ibrahim Ahmad and the Vice-Chancellor of UMP, Professor Ir. Dr. Wan Azhar Wan Yusoff.

The late Mohamad Hakim was the eldest in the family and passed away on 25 June 2019 during his final ye

According to Roslan Jodin, his son missed most of his classes during treatment.

“However, we are amazed at the supports given by his friends and lecturers. We still remember his friends on campus with our family,” he said, who was accompanied by his wife, Siti Zanariah Mohd. Ripin, 46 and h

The fighting spirit of the late Mohamad Hakim was also shared by his lecturer, Dr. Abdul Nasir Abd. Ghafa Engineering Technology.

Dr. Abdul Nasir said that the spirit of the late Mohamad Hakim should be emulated by other students.

“As a lecturer and the advisor of the Shell Eco-marathon Asia 2018 electrical car competition, he was ap was interested in joining the team.

“He volunteered to do fabrication tasks and told about his experience in boat repairing with his father, a skil

“However, about two weeks after the first team meeting, I received a phone message from him to withdraw unable to go to the workshop to finish the tasks with his team members,” said Dr. Abdul Nasir.

Also, a fellow lecturer said the late Mohamad Hakim was unable to attend his final year project presentation

At the same time, he handled the electrical and electronic tasks.

The late Mohamad Hakim answered the questions from the panel online from the hospital.

Several lecturers verified that he managed to complete all his coursework and only had problems in terms the hospital.

In the meantime, his mother told that the passing of her son is a great loss to the family, but they accept other children.

“We are grateful to UMP for inviting us to the 14th Convocation Ceremony,” she said.

MARii, UMP ink MoU to expand technology expertise through ne

A Memorandum of Understanding (MoU) was signed between Universiti Malaysia Pahang (UMP) and Mala
(MARii) on November 18, 2019 at Kuala Lumpur.

The MoU outlined collaborations in research, academic and student exchange programmes and dual deg
way for the establishment of smart partnerships in knowledge sharing between the two parties.

Today's MoU signing will be a breakthrough for UMP and MARii to introduce a Dual Degree Master of Au
Academy of Technology in Rawang.

This Master's degree programme offers courses on topics like electrification of drivetrains, artificial intelli
system for modern drives, BUS Systems and diagnosis protocol and many other areas related to automotiv

The students will be taught by experienced professors from HsKA and UMP. They will also get the oppo
supervision of German professors in Malaysia or Germany.

UMP was represented by its Vice-Chancellor, Professor Ir. Dr. Wan Azhar Wan Yusoff while MARii by
Sahari.

Also present at the event were Chairman of UMP Board of Directors, Dato' Sri Ibrahim Ahmad and Profes

‘You only live once, live life to the fullest’ is the philosophy held by the recipient of Royal Academy Aw
Khen, 24, the son of 54-year-old Tan Chong Phor, who works as an administrator and his mother Leong Wa

This Penangite holds a bachelor’s degree in Computer Science (Graphics & Multimedia Technology) w
Systems & Software Engineering with a CGPA of 3.88.

In addition to receiving the Dean’s Award for each semester of his study at UMP, the eldest of the two sibl
CGPA of 3.42 in the Malaysian High School Certificate (STPM) and 3A+, 2A, and 4A- in the Malaysian Cert

His academic excellence did not impede his continued involvement in association and club activities.

Throughout his study years in UMP, he held various positions in association and club activities, including
Kelab Alam Sekitar & Lestari (EcoSiswa) UMP. He was responsible for planning and managing multimedi
National Park in 2016 and Earth Week in 2017.

He was also the Head of Publicity Unit of the Pahang Engineer Run Program in 2018. His active involve
hone his leadership skill as well as highlight his potential and self-confidence.

This is evidenced by his appointment as the chair of the organising committee of the talk show *‘ICT ke Arah*

He was also active in sports activities by participating in various running events such as Sky Run, Crazy
Challenge: Survival of The Fittest, and Run for Life.

In addition to his hobbies, he also participated in hiking activities by joining the ‘Hiking in Style’ programme

He also took part in several programmes to increase his knowledge such as Industrial Talk in conjunction for Employability, Microsoft Campus Day (2017), Town Hall Forum: TN50 and Students, and cultural ev Festival, Winter Solstice, Drum Night Carnival, Festival of Light, and Hanabi Night (2016).

His most exciting experience during his term as a UMP student was when he successfully presented Intelligent Waste Management Robots for Open Public Spaces’.

Graduating from UMP has provided very invaluable experience. To him, UMP is an institution that offers ed and master knowledge and skills, and train themselves to be more independent and mature physically and

Adhering to the principle of ‘Meeting the challenge with dedication and not giving up’ and his strong de expert, he is now pursuing a master’s degree in Computer Science at the Universiti Sains Malaysia (USM).

He hopes that all the knowledge gained could be leveraged to assist in the development of information tech

He hopes to continue to contribute his services and reward his parents who have been the pillar and catalys

Photo by: ALUWI MOHD SIKAH, CENTRE FOR PROPERTY MANAGEMENT AND DEVELOPMENT

With the rising cost of living, Khairun Nisa, 23, used to work as a part-time banquet crew at one of the hot That was the experience of the recipient of the Chancellor’s Award at the 14th Universiti Malaysia Pahang (

That experience had been a turning point in her success today to prove that determination and perseveran difficult journey to success.

Khairun Nisa was born on 23 November 1996 at the University of Malaya Medical Centre (PPUM). She wa his beloved father, Mazlan Bidin, due to leukaemia, at her age of 12 became a bitter blow for her.

Since then, she has been determined to study diligently after witnessing her mother, Noorasiah David, 4 Malaysia, help her to raise four siblings.

She pursued her study in Project Management at the Faculty of Industrial Management (FIM), UMP. She for seven consecutive semesters.

Despite struggling to adjust from studying Science at Banting Matriculation College, Selangor to Project M prove to her mother that nothing is impossible if we work hard.

As a result, she achieved CGPA 3.70 and subsequently awarded the Chancellor's Award at this glorious c that good deeds will be well rewarded.

She does not have any secrets to staying successful every semester. She just made sure that every time b goals and surely more effort would be made to achieve that success.

Her focus on academic achievements did not deter her from engaging in co-curricular activities. She had p both inside and outside UMP.

To name a few, she was appointed as the Director of the Closed Netball Tournament organised by UM Deputy Director of the Final Year Exhibition 2017, the Programme Coordinator for an Industrial Revolutio 4.0, the Secretary of 10,000-Step Walking Program for Zero HIV organised by GENESIS, the Secretar invited panel for Circle Talk Forum 3.0 hosted by the PMSB club, as well as the Exco of various activities or

As a world-class university student, she is proud to be a UMP alumnus. For her, UMP is a comfortab continually being upgraded.

Now, all the hardships she endured had paid off when she was hired to work as the Commodity Comman 1, Global Support Contact Centre at HSBC Data Processing (M) (HDPM) before graduating.

The message is that to succeed in life, you must always set goals and plan carefully to achieve them. Regu for setting goals.

She also believes that it is vital to maintain our relationship with the Creator and the people around us.

Not to forget, the parental blessing is also crucial as a guide to progress in life. Lastly, share your knowle you will get.
