Bridging Universiti Malaysia Pahang to the world community

Respect PKU staff, our frontliners

Translation by: AMINATUL NOR MOHAMED SAID, FACULTY OF COMPUTING

Facing of the outbreak of the Covid-19 that has been declared a pandemic by the World Health Organiz
Universiti Malaysia Pahang (UMP) is always on alert to fight the spread of the outbreak in both university ca

Even during the university's new student registration session on February 7, the PKU was ready for any pos

At the time, the university had asked students who returned from the semester or just returned from Chir
continuing their activities on campus as the outbreak of Wuhan, China late last year caused many pe
increased due to the virus since January.

According to the Director of PKU, Dr. Khairul Salleh Abdul Basit, since then the university has set up a coordinate all actions to deal with the outbreak.

We are working closely with the District Health Office (PKD) and the Ministry of Health Malaysia (MOH) to to control the spread of Covid-19 cases at UMP.

"We will ensure that any students or staff with symptoms of Covid-19 or new arrivals from abroad will be as days and notify PKD if further action is required," he said.

Dr. Khairul also appreciates the continued support from the Student Affairs and Alumni Department, Securi and Property Management in the success of the program, especially in dealing with student welfare.

He also has good cooperation from the UMP Disaster Management Committee and works closely with the if it involves students or university staff.

In line with the movement control order by the government, the PKU has implemented a staff rotatio
movement throughout the control period.

According to Dr. Khairul, they also provide health care services and operates as usual for outpatient treatm
5.00 pm as there are a handful of students attending the MCO in the campus.

“For emergency cases outside of office hours, students or staff may contact the staff on duty at the PKU.”

“They are also taking the initiative to provide face shields using readily available items as these ready-
market.

"They are also provided with Personal Protective Equipment such as dresses, 3 ply masks and gloves
university," he said.

UMP citizens are also reminded to always obey the government's instructions and to keep themselves clea
to be selfless and always wear a face mask when in public.

The Security Division is also provided with a body temperature scanner to check the health of campus citize

As well as students on campus, daily body temperature checks will be taken at the College Residentials to
a precautionary measure.

He advised the campus citizens to stay at home or on campus and obey the Movement Control Orders (MC

UMP Campus successfully disinfected and welcomes

Translation by: AMINATUL NOR MOHAMED SAID, FACULTY OF COMPUTING

As a precautionary measure to combat the spread of the Covid-19 outbreak, Universiti Malaysia Pahang several focus areas and buildings at both UMP campuses in Gambang and Pekan from March 23 to April 7

The operation is aimed at ensuring a clean and safer workplace environment for employees to return to Control Order (MCO).

According to Landscape and Cleaning Executive, UMP Services Sdn. Bhd. (UMP Services), Hairudin Id operations including office buildings, lecture rooms, student hostels, libraries, mosque and cafeterias in sta at UMP Pekan the next level.

“A total of 30 personnel were involved in the operation from as early as 9.00 am to 12.00 noon.

"A briefing is given to all personnel to ensure that operations are carried out in accordance with the st assignment begins," he said.

"Personnel will be using disinfected fog spray in the building area with more focus on risky areas such as main counters, desks, and others to ensure the campus is free of Covid-19 disease outbreaks," he said.

At the same time, the safety of personnel is emphasized by ensuring that the personnel involved in th stipulated steps and guidelines.

All personnel is required to wear complete personal protective equipment (PPE) during the course of this op

They also equipped with safety equipment such as face masks, gloves, and hand sanitizer.

Then, every time the surgery was completed the staff was required to clean their hands and face with soap.

While all used PPEs will be collected in yellow plastic clinical waste for disposal in clinical bins.

Meanwhile, while others were working from home following the MCO, cleaning work around campus cont ensure the campus environment was clean.

UMP Services is a subsidiary of UMP Holdings Sdn. Bhd. also provides services for public disinfection c clinics, hotels, and hotspot locations to combat the Covid-19 outbreak in the country.

UMP lecturers produce reusable DIY face sh

Translation by: DR. ROZAIMI ABU SAMAH, FACULTY OF CHEMICAL AND PROCESS ENGINEERING T

The spirit of assisting the frontliners and the scarce of personal protective equipment (PPE) have inspir
Pahang (UMP) to produce face shields to help the frontliners battling the Covid-19 outbreak.

They are Dr. Zamzuri Hamedon, Dr. Ismayuzri Ishak, and Khairul Fikri Muhammad from the Faculty of M
(FTKPM) shared the idea of producing the face shields in two days.

With support from the Dean of FTKPM, they managed to produce simple and cost-effective face shields.

Formed since 24 March, the trio contributed various ideas and prototypes for the design of face shields bef

When contacted, Dr. Zamzuri said that the initial stage was executed with the consultation from the D
(HTAA), Dr. Norazmi Abdullah and the Head of Emergency Department, Dr. Badli Sham Baharun.

“Taking into account the suitability and comfort of the users, we managed to complete 30 sets in two days a

“We have received more orders from friends and health personnel.

“The face shields undergo a three-dimensional printing technology (3D) known as Reusable DIY Face S
available headbands, rubber bands, and A4 transparent plastic,” he said.

Complying with the MCO directive, the delivery is only done through post.

In the early stage, they managed to complete between 50 and 60 sets daily and now have increased produ

Each packet contains five RDF sets along with a user manual. Users can reuse the RDF set for at least th
and they are advised to sanitise the RDF set before and after each use.

The deliveries were also made to UMP medical and security staff, health clinics, and hospitals throughou
Ahmad Shah Hospital (HOSHAS) in Temerloh, Hospital Jengka, Peramu Jaya Health Clinic in Pekan and P

He added that his team also prepared 150 sets for the non-governmental organisations (NGO), Malaysian
with the Alumni Association of the Mara Junior Science College (ANSARA) for distribution.

“Currently, 1,000 sets of face shields are produced and distributed for free in stages to the frontliners at t
state.

“Starting with orders from friends, the face shields are currently being distributed across Malaysia.

“This includes Hospital Pekan, Hospital Kuala Kubu Bharu, Hospital Tuanku Fauziah, Hospital Seri Manjur
Health Clinic, Mentakab Health Clinic, Kuantan District Police Headquarters (IPD),” he said.

According to Dr. Zamzuri, the RDF face shields are much lighter, smaller in size, and comfortably worn bec

“The more essential features are they are easily worn and cost-effective as they can be reused.

“The plastic used to cover the face can be easily be replaced with the ones sold in shops,” he said,

He appreciates the support of UMP management, especially the UMP Vice-Chancellor, Professor Ir. Dr
FTKPM, Associate Professor Ir. Dr. Faiz Mohd. Turan.

Besides, his team has been in contact with the coordinator of Malaysia 3D Printing Community for Co
shields via 3D printing technology.

Despite the constraints during the MCO period, his team hopes that the efforts help the frontliners, espec
Covid-19 cases.

UMP receives face masks and jumpsuits from HI

Translation by: DR. ROZAIMI ABU SAMAH, FACULTY OF CHEMICAL AND PROCESS ENGINEERING T

After a month when Universiti Malaysia Pahang (UMP) contributed medical gloves for medical personnel Covid-19 outbreak, UMP received face masks and jumpsuits as one of personal protective equipment (P 2020.

A total of 1,000 face masks and 100 sets of jumpsuits arrived at UMP Health Centre in UMP Gambang Ca in stages.

According to Yong Ying Mei, the Director of UMP Confucius Institute, HBU had sent the face masks and enforced the Movement Control Order (MCO) directive. Still, the delivery was delayed due to certain constra

“The second batch from HBU is now en route, and HBU hopes that the aid helps UMP as Malaysia is still said.

“UMP contributed medical gloves to HBU recently due to the spread of the Covid-19 outbreak in China.

“Now, HBU returns the gesture as the saying says - grief divided is made lighter,” she said while receiving t

Yong added, the President of the Hebei University of China, Professor Dr. Kang Le had issued an officia UMP denizens, as well as hoped that Malaysia will succeed in fighting Covid-19.

“The Vice-President (Academic and International) of HBU, Professor Dr. Shen Shigang also confirms tha current needs.

“Meanwhile, the Vice President (Student Affairs and Alumni) of HBU, Professor Dr. Meng Qingyu appreci and HBU since 2011 via mobility programme until the establishment of UMP Confucius Institute,” she said.

Meanwhile, the UMP Vice-Chancellor, Professor Ir. Dr. Wan Azhar Wan Yusoff said that UMP appreci strengthening the relationship.

“A heartfelt gratitude to HBU for the donation to UMP.

“Face masks are scarce in the country, and this donation will be used primarily by the frontliners who are st

Malaysia is the world’s largest medical glove producer, and UMP took the initiative to send medical gl medical supplies due to the Covid-19 outbreak.

China is now free from Covid-19 when no new domestic case is reported in the Hubei province, which is the
