Lyrics of *‘Kita Jaga Kita’* (We care for/protect each other)

It's a request for all
Open your heart and open your eyes
It's a plea to all
To avoid corona

Dear friends, let's work together
Come on people, let's take care of Malaysia
Let's fight the corona, don’t fumble
This error could be dangerous

When a person is sick, be careful
It hurts him but not just him
This Covid-19 is easily infectious
The disease is not easy to stop

Look
We must listen to the instructions
We must stop this disease
Cooperate, don't be selfish

Oh order control, movement control
So please remember, i’ll remind
Just stay at home, stay with family
Or friends, oh we protect each other

Oh, be diligent with washing your hands
When something is needed
Let only one go

It's a request for all
Open your heart and open your eyes
It's a plea to all
To avoid corona

This disease is destroyed when we work together
Wake up friends, let’s fight corona
Police army doctors nurses are protecting the country
Just stay at your home guys, we protect each other

Oh the virus is everywhere
Don't be ignorant
Don't go crazy
Everything is on you

Corpses are scattered
You still don't understand

Once it hits you
Then you'll be scared to death

Keep your eyes open
Don't seek death
As death is heartless
Then you'll be terrified

Let wealth not be luxury
As long as there's no complain
Just stay at home
Do what is right
