Role of University Community in Managing Scheduled Waste
20 January 2021
Malaysia was shocked by an incident involving illegal scheduled waste disposal at Senvironmental and health implications for the communities in Pasir Gudang. In March 2019, Malaysia as it impacted a huge number of victims, especially school children. Not long af cyanide was found to be illegally dumped in an oil palm plantation in Karak. Globally, in Minamata, Japan and Love Canal, United States of America.
