SMART Aqua system monitors water quality to produce quality crayfish

Mon, 01/03/2022 - 11:21

PEKAN, 29 December 2021 - Redclaw crayfish *Cherax quadricarinatus,* also known as stranger to seafood lovers to enjoy despite its high price in the market.

The high demand in Malaysia has also encouraged and produced many freshwater crayfis

However, they need to have knowledge in crayfish farming; wrong steps will cause losses.
