and helping the alma mater to be more successful in the future.

“We believe that the experience and expertise of the alumni will increase the success of the university in producing high-impact programmes and open up more exploration opportunities to other needed areas from time to time,” he said.

In conjunction with the meeting, the Centre for Alumni Relations also held the Alumni Turun Padang programme held at Sekolah Menengah Sains Sabah (SMESH), Tuaran involving 20 UMPSA alumni.

Ts. Dr. Azri said this programme was the university’s initiative to strengthen strategic collaboration with alumni in joint involvement to implement the planned activities and programmes.

“In this programme, alumni have the opportunity to share their experiences when they were students at UMPSA.

“In addition, this partnership can provide an initial overview to a total of 236 Form 4 and 5 SMESH students to prepare for further study at the university to determine their career path.

“This effort is part of UMPSA’s branding activities to spread its new name while promoting academic programmes offered by the university,” he said.

UMPSA also always welcomes the involvement of alumni to contribute to the university regardless of any form of contribution or service that can mutually benefit.
