[Why Malaysia's 'Ir.' is Stagnating?](#)

4 August 2025

At first glance, the Board of Engineers Malaysia (BEM) appears to be a resounding success. The number of engineers on its books more than tripled, soaring from approximately 66,000 to over 200,000 in the past decade. This growth masks a critical weakness: the number of Professional Engineers (PEs), those authorised to sign off on projects, has failed to keep pace, creating a bottleneck that could
