### UMPSA, DBP make history with 8-hour nonstop patriotic p

2 September 2025

GAMBANG, 28 August 2025 – The 8-Hour Poetry Recital Programme organised by Universiti Abdullah (UMPSA) in collaboration with Dewan Bahasa dan Pustaka (DBP) Central Region has once again proved that poetry is a powerful medium to celebrate and promote our local culture and heritage. The programme, which took place on 28 August 2025, was a resounding success, with over 100 participants from various universities and cultural organisations across the region. The programme featured a variety of local poets, including established names and emerging talents, who recited their works in a nonstop, eight-hour format. The poems covered a wide range of topics, from historical events to contemporary issues, and were performed in various styles, including traditional and modern. The programme was a testament to the power of poetry to bring people together and promote a sense of national identity and pride. It also highlighted the importance of preserving and promoting our local culture and heritage through the medium of poetry. The programme was a great success, and it is hoped that it will inspire more people to engage with poetry and appreciate its beauty and power.

The concept of '8 Hours' symbolises infinity, portraying the continuity of arts and culture while at the same time igniting a love for local heritage and culture. The programme was a great success, and it is hoped that it will inspire more people to engage with poetry and appreciate its beauty and power. The programme was a great success, and it is hoped that it will inspire more people to engage with poetry and appreciate its beauty and power.

### From Letters to Literacy: Empowering Preschool Teachers to Implement the Series Using the CREATIVE Approach

4 August 2025

The importance of English proficiency in Malaysia has always been emphasized, more so in our national aspiration to remain globally competitive. English is not only a second language but also instrumental for accessing knowledge, communicating and negotiating, as well as beyond national borders. As we look at efforts to improve English language education across the country, one group that requires attention would be early childhood educators.
