Bridging Universiti Malaysia Pahang to the world community

7 UMP subjects listed in world's ranking

Translation by: DR. ROZAIMI ABU SAMAH, FACULTY OF CHEMICAL AND PROCESS ENGINEERING T

A total of seven subjects of Universiti Malaysia Pahang (UMP) joined the list of world's elite universities World University Rankings by Subjects 2020.

The listed subjects are Engineering and Technology (386), Chemical Engineering (151–200), Electrica Mechanical, Aeronautical and Manufacturing Engineering (351–400), Pure Science (Chemistry) (451–500), and Social Sciences and Management (Business and Management Studies) (451–500).

The Deputy Vice-Chancellor (Academic & International), Professor Ts. Dr. Mohd. Rosli Hainin said that

performance of four indicators, namely academic reputation, employer reputation, the number of indexed a from Scopus.

“Overall, UMP manifests a great achievement in terms of employer reputation and the Scopus H index, alo in publishing quality research and being referred to internationally,” he said.

This achievement inspires UMP students to share their sentiments.

According to the President of the Students’ Representative Council (MPP) 2019/2020, Mohd Fitri Zulkaffli in the QS World University Rankings by Subject this year proves that this university is on the right track in university by 2050.

“This is a sweet success when UMP is now at the 134th spot in Asia (QS University Rankings Asia 202 World University Rankings 2020).

“As the 5-star rating university (QS Stars University Ratings), the quality of academic and teaching and lea the university in the effort to ensure that the UMP graduates remain relevant and meet the industrial needs,

As a UMP student, he is very proud of the achievements accomplished by the university.

“UMP graduates will gain the benefits of this rating, especially when they enter the market because th university will bring them a good reputation,” he said.

Meanwhile, Ahmad Rifqi Mohd. Jerome Rinjes, the Vice President (Communications and Corporate) Engineering, also felt proud with all the subjects listed in the QS World University Rankings by Subject.
“This achievement has convinced me to introduce myself as a UMP student to the global public to gain know

“Additionally, this ranking will boost the spirit of UMP students to contribute to more future achievements.

“I hope UMP will continue to strive for success, especially in producing holistic graduates,” he said.

For Yasmin Izureen Ibrahim from the Faculty of Industrial Sciences & Technology (FSTI), the excellen evident in public.

“This success is undeniably a proud moment for all UMP associates who work together to bring UMP to the

“UMP is undoubtedly the best choice to obtain your diploma or degree, or even at a higher level.

“UMP is also a great platform for students to develop their potential in terms of communication, leadersh competitive and in a class of its own,” she said.

She also believes that with this rating is an additional credit to showcase and introduce competent UMP g thus convince employers to engage them.

Also sharing the success was a student from the Department of Chemical Engineering, College of Enginee

She mentioned that this success has a positive impact on herself and all UMP denizens.

She hopes that UMP will continue to carve its name in the whole country and at the international level with t

Ong Voon Chyi from the same department also congratulated all UMP associates.

“I am proud to get the opportunity to study at an internationally-recognised university.

“UMP does focus on students achievement, not only academically but also physically and mentally.

“May UMP can realise its vision and mission in maximising the potential of students to benefit the communi

“This effort will make UMP more renowned locally and internationally,” she said.

UMP launches 4 books at BBW

Translation by: DR. ROZAIMI ABU SAMAH, FACULTY OF CHEMICAL AND PROCESS ENGINEERING TE

A travelogue about the journey of Universiti Malaysia Pahang (UMP) students in building their business to *Saya Takluk’* (I Come, I See, I Conquer) written by students of Entrepreneurship programme and the E March 2020.

Four UMP books were launched during the Big Bad Wolf (BBW) Sale on 28 February until 9 March 2020 at

A book entitled *‘Achtung, Achso, Viel Spass!*!’ is written by a UMP lecturer, Associate Professor Ir. Dr. M Hussin, featuring their bittersweet experiences in Germany.

Recognizing the interest of university students in sports apparel, this kind of idea gave the idea of Civil E
Sin, 24, a venture into the field of sports apparel printing business.

He started the printing business with a focus on sports apparel printing services including Jersey, Jersey
Plain T, Sports Polo T, and Sport Tech.

Pan also offers custom-made clothing design services that customers want at a reasonable price.

Prices range from RM10 to RM50 depending on quantity, design, and materials.

In addition, Pan also runs a sub-contract event printing business for printing materials such as banners,
use at UMP.

According to Pan, the prices offered are much cheaper and affordable compared to the print shops in Kuan

“In addition, they are able to quickly complete their assignments at the last minute according to customer ne

"Although tied to the busy schedule on campus, it is not a hindrance for Pan to venture into the business also relying on earning extra income to cover his own expenses without burdening his family.

“Students now need to gain additional skills like the knowledge that can be applied along with the skills acq

"Instead of relying solely on academic knowledge, students also need to be smart in digging into the beginn

He said he had always been interested in this business and wanted to learn to be independent without exp to RM 2,000 a month.

“The biggest challenge is to market the product to the consumer which takes a long time to study and imple

However, the UMP Entrepreneurship Center provides a lot of advice and guidance especially in busines space for students to market their products,” said Terengganu's teaser.

He also intends to open full-time and part-time jobs to UMP students.

Never thought of owning a company. When asked when he was younger, Abang Fairul Syarmil Abang M would have thought that his studies in Computer Science at Universiti Malaysia Pahang (UMP) would allo empire, Caliphs Technology PLT.

Born in Sibu, Sarawak, she was nominated as a finalist for the Bumiputera Entrepreneur Scheme (SUPE Prime Minister's Department.

He is a UMP alumnus having studied in the Diploma in Computer Science in 2009 before pursuing a Bache

Looking back on his career path, Abang Fairul Syarmil served as a Software Engineer for two years at a Venture Sdn. Bhd. (EJJV) in the capital city of Kuala Lumpur.

EJJV was the same company when he underwent industrial training before being absorbed to serve there.

He then served as the Senior Executive of Information Technology at the University of Technology Colle deciding to open his own company.

According to him, rapid technological advancements coupled with the 'world at the fingertips' have helpe more easily and quickly.

“In line with this development, Caliph Technology PLT is seen as a digitizing agent for an organizatio applications, and interactive media.

"We are also developing software that can be customized to work for an organization in line with the fas this as a stepping stone in targeting their product sales," he said.

For Abang Fairul, campus life has provided him with a great deal of experience especially in involvement in

He advised graduates to continue to gain experience and to dare to try.

Besides, Caliphs Technology PLT, which has been active since last year, now operates ten corporate web Amanah Raya Berhad, which is the largest customer of its company to date.
