UMP Bio-inspired Nanocoolant environmentally friendly refrigerant

4 December 2020

PEKAN, 12 November 2020 - Many problems are faced by vehicle owners, car operators and systems.

They need an environmentally friendly cooling fluid or engine coolant that can dissipate heat

It also plays a vital role in determining how vehicles operate properly and need to be maintained.

A Decade of German Engineering Education Collaboration: Past, Present and Future

2 December 2020

The year 2020 marks a milestone in the history of academic collaboration between Universiti Malaysia Perlis (UMP) and its German partners, the Karlsruhe University of Applied Sciences (HsKA) and Reutlingen University. In 2010, the Malaysian Government instructed the Malaysian Technical Universities Network (MTUN) to review the possibility of establishing a *Fachhochschule* programme in Germany. Unhesitatingly, UMP took the challenge and began the process of establishing a *Fachhochschule* in Germany in November 2009.
