Role of University Community in Managing Scheduled Waste

20 January 2021

Malaysia was shocked by an incident involving illegal scheduled waste disposal at S environmental and health implications for the communities in Pasir Gudang. In March 2019, Malaysia as it impacted a huge number of victims, especially school children. Not long after cyanide was found to be illegally dumped in an oil palm plantation in Karak. Globally, incidents like Minamata, Japan and Love Canal, United States of America.
