### [Ts. Dr. Lee Khai Loon creates specially designed chalet management system for](#)

11 May 2021

A lecturer from the Faculty of Industrial Management (FPI), Universiti Malaysia Pahang (UMP) created a research product called ChaMS.

According to the Penangite, ChaMS is a chalet management system based on a specially designed software for small and medium enterprises (SMEs) in the hotel industry.

“This software is easy to use and involves low cost and affordable for SMEs.
