[E-anfun detects odour volatility in industry, UMP and SDR find solution due to p](#)

24 January 2022

PAYA BESAR, 11 January 2022 - The collaboration between researchers from Universiti  
Darby Plantation Research (SDPR) in the project The Development of Odor Sensor to Mitigate  
for Odor Mitigation Project via an MTUN matching grant successfully detected the source of  
extraction plant (Sime Darby Oil) located in a local community in Nonthaburi, Thailand.
