Many of their services and bittersweet memories, especially in contributing their ideas and energy in ensuring UMP moves forward and succeeds throughout the 20 years of establishment.

As serving civil servants, no matter how deep the love for the profession, we cannot escape the reality checks that retirement is a process to go through when the time comes.

"Thank you to all who have contributed their services and ideas throughout their time at UMP in ensuring that this university is always at the forefront.

"The university management will always be committed and pay attention to various aspects of post-service, especially related to the welfare of UMP retirees," he said in the recent Majlis Jasa Dikenang 2021 organised by the Registry Department.

He prayed that all the retirees would always be blessed with happiness and lasting health.

Also present was the Chief Operating Officer/Registrar of UMP, Hazmin Aris.

The retirees can use the special card for services and facilities offered at the University Health Centre, Library, Centre for Sports and Culture, and others.
