[ChM. Dr. Wan Norfazilah invents environmentally friendly waterproof spray for t](#)

15 June 2022

PEKAN, 15 June 2022 - There are many waterproof spray products for fabrics, but most of them are toxic, harming human health and the environment.

Starting from that problem, ChM. Dr. Wan Norfazilah Wan Ismail, 34 has produced GetDry waterproof solvent by using a production method called the sol-gel method, a simple, fast and cost-effective method.

According to her, water use can also reduce production costs.
