UMPSA and Liuzhou Railway Vocational Technical College (LRVTC) collaborate on TVET

Universiti Malaysia Pahang Al-Sultan Abdullah (UMPSA) is leading the way in the implementation of student internationalisation, with significant implications in improving students' global skills while enriching learning with overseas experiences.

UMPSA students have the opportunity to participate in the Malaysia-China Advanced TVET Mobility Program, which provides exposure to the national TVET industry to meet industry demands.

They also have the opportunity to contribute to economic growth in line with globalisation, the knowledge-based economy, and global workforce mobility.

According to the UMPSA Vice-Chancellor, Professor Dato' Ts. Dr. Yuserrie Zainuddin, this international mobility program aligns with internationalisation agendas in Strategic Objective 6 under UMPSA Strategic Plan which is Student Internationalisation. It also aligns with the key performance indicators (KPIs) under the Critical Agenda Program (CAPS) for internationalisation in the UMPSA Strategic Plan (PSTPN).
