UMPSA achieves 5-star success in MyMoheS rating

Tue, 08/26/2025 - 15:54

PEKAN, 14 August 2025 – Universiti Malaysia Pahang Al-Sultan Abdullah (UMPSA) recorded a proud achievement when it obtained a 5-star rating for MyMoheS, as announced during the Data Quality Meeting No. 2/2025 at Universiti Sains Malaysia (USM), Penang on 14 August 2025 recently.

This achievement encompasses four main modules involving students, staff, research, and institutional information, assessed based on data completeness, data quality, and timeliness of submission.

UMPSA Vice-Chancellor, Professor Dr. Yatimah Alias, extended heartfelt congratulations to the entire UMPSA community for ensuring quality data management and the excellent work culture practised at this university.

“This success demonstrates UMPSA’s commitment to ensuring high-quality, timely, and integrity-driven data management in line with the aspirations of the Ministry of Higher Education (MOHE).

“Moreover, it also reflects the university’s commitment to strengthening an excellent work culture in line with the SPIROS concept, namely Skills, Perfection, Impact, Resilience, Optimisation, and Sustainability.

“This achievement also elevates UMPSA’s reputation as the best technical university and instils confidence among stakeholders in the university’s capability in managing data with integrity in line with the needs of this digital era,” she said.

The MyMoheS system is a national information system developed by MOHE to coordinate and assess the quality of data from public universities, polytechnics, and community colleges systematically, quickly, and accurately.
