UMPSA listed among Best Universities at MQA Awards

Universiti Malaysia Pahang Al-Sultan Abdullah (UMPSA) continues to demonstrate its commitment to excellence, being ranked among the top five in the 2025 Quality Assurance Grand Award, top three in the Excellence Award for Higher Education (HEPs) category, as well as top five in the Excellence Award for HEPs: Internal Quality Assurance (IQA).

This achievement is even more meaningful as UMPSA only submitted entries in two main categories, namely Quality Assurance (IQA) – University category and the Excellence Award for HEPs: TVET – University and the MQA Awards 2025 guidelines.

The event, held for the first time, became an important platform to recognise institutions and individuals for their governance, encompassing all higher education sectors, including public and private universities, polytechnics and public training institutes.

UMPSA to open Kuala Lumpur Learning Centre as part of its vision to become a leading university in ASEAN

Universiti Malaysia Pahang Al-Sultan Abdullah (UMPSA) is set to establish the UMPSEA Kuala Lumpur Learning Centre, a new initiative to expand access to higher education—particularly Technical and Vocational Education and Training (TVET)—for working professionals.

This initiative marks a significant step in UMPSEA's preparations to strengthen its position as an advanced Technical and Vocational Education and Training (TVET) institution, focusing on academic excellence, international networks, and the capability to produce highly skilled graduates.

With Kuala Lumpur serving as a strategic location, UMPSEA aims to attract more students from the central region of Malaysia.

UMPSA highlights innovation and builds global bridges at E

Universiti Malaysia Pahang Al-Sultan Abdullah (UMPSA) marked another significant milestone in its global outreach during the Expo 2025 MOA Exchange Ceremony in Osaka, held at Yumeshima Island, Japan. Coordinated by the Ministry of Higher Education (MOHE), Malaysia's participation in the event aligns with the nation's aspiration to elevate education diplomacy, sustainability, and innovation.

With the theme "Designing Future Society for Our Lives," Expo 2025 is one of the world's foremost international events showcasing cutting-edge technologies, sustainable solutions, and transformative ideas.

UMPSA's participation not only highlighted the university's strengths and innovation capabilities but also fostered collaboration with Japanese universities and industry players.
