UMPSA listed among Best Universities at MQA Award

Universiti Malaysia Pahang Al-Sultan Abdullah (UMPSA) continues to demonstrate its commitment to excelling in quality education. The university has been listed among the top five in the 2025 Quality Assurance Grand Award, top three in the Excellence Award for Higher Education Institutions (HEPs) in the category of TVET – University, and top five in the Excellence Award for HEPs: Internal Quality Assurance (IQA) category.

This achievement is even more meaningful as UMPSA only submitted entries in two main categories, namely the Excellence Award for HEPs: Internal Quality Assurance (IQA) – University category and the Excellence Award for HEPs: TVET – University and Polytechnic category, according to the MQA Awards 2025 guidelines.

The event, held for the first time, became an important platform to recognise institutions and individuals excelling in quality education. The awards recognise the efforts of institutions and individuals in the field of higher education, encompassing all higher education sectors, including public and private universities, polytechnics, and public training institutes.

UMPSA to open Kuala Lumpur Learning Centre as part of its vision to become a regional hub for ASEAN

Universiti Malaysia Pahang Al-Sultan Abdullah (UMPSA) is set to establish the UMPSA Kuala Lumpur Learning Center (KL) in Malaysia. This initiative is part of the university's mission to expand access to higher education—particularly Technical and Vocational Education and Training (TVET)—and to serve the needs of working professionals.

This initiative marks a significant step in UMPSA's preparations to strengthen its position as an advanced TVET institution. The center will be built on a foundation of academic excellence, international networks, and the capability to produce highly skilled professionals.

With Kuala Lumpur serving as a strategic location, UMPSA aims to attract more students from the central region of Malaysia.

UMPSA highlights innovation and builds global bridges at E...

Universiti Malaysia Pahang Al-Sultan Abdullah (UMPSA) marked another significant milestone in its globalisation efforts at the International Expo 2025 in Osaka, Japan. The participation of the university in this international platform aligns with the nation's aspiration to elevate education diplomacy, sustainability, and innovation.

With the theme "Designing Future Society for Our Lives," Expo 2025 is one of the world's foremost international events, showcasing cutting-edge technologies, sustainable solutions, and transformative ideas.

UMPSA's participation not only highlighted the university's strengths and innovation capabilities but also strengthened its ties with leading Japanese universities and industry players.
